

AMENDMENTS TO THE SPECIFICATION:

Please replace the paragraph beginning at line 26 on page 3 with the following amended paragraph:

Accordingly, it is desirable to provide a method and apparatus in which the user can download [[of]] a video file, and view the corresponding video in real-time irrespective of the screen size which such video requires for viewing. It is also desirable to provide a method and apparatus which does not require the user to change preferences of the video player prior to downloading any such video.
